機型 / Model:

KLD-600:直驅觸控電腦平縫機
Direct Drive, Touch panel type single needle lockstitch machine.

KLD-900:直驅密封型觸控式電腦平縫機
Direct Drive, Sealed oil box, Touch panel type single needle lockstitch machine.

電機型式 / Servo motor type :

Q: 琦星
QIXIN servo motor.

車縫平台形式 / Clothes plate type :

C: 不鏽鋼護蓋
Stainless clothes plate.

切刀形式 / Trimming knife type :

A: 自動剪線，圓刀單刀
Automatic thread trimmer, round knife single blade.

R: 自動剪線，圓刀雙刀
Automatic thread trimmer, round knife double blades.

布料類型 / Materials thickness:

M: 適合中等厚度之布料
Suitable for medium materials.

H: 適合較厚布料
Suitable for heavy materials.

○ 一般特性
○ GENERAL FEATURES

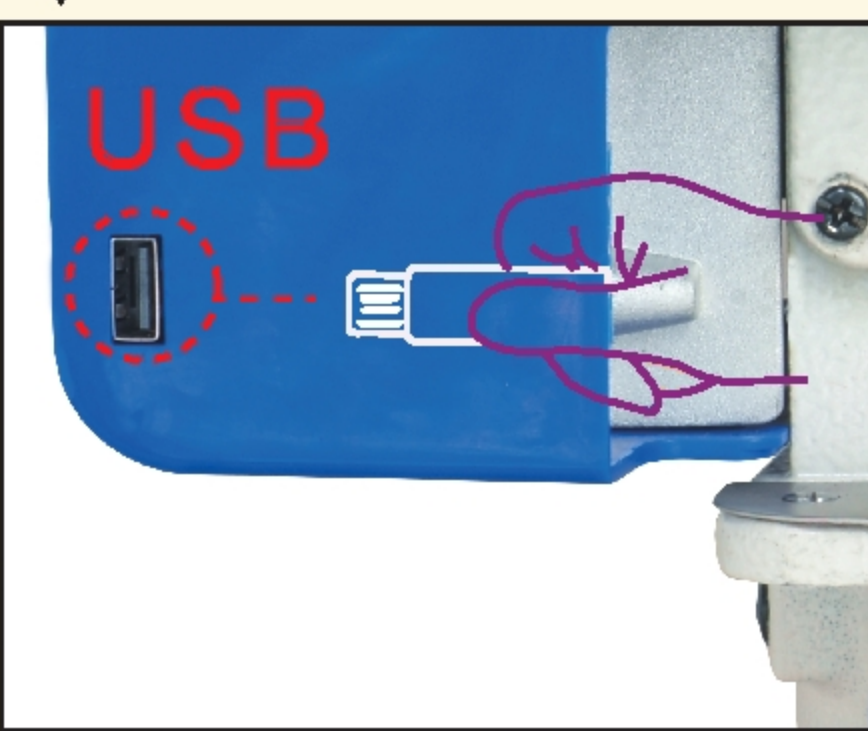

▲ 觸控螢幕，方便美觀好用。
Touch panel design beautiful and easy to use.

防偽 LOGO
With anti-fake KINGTEX Logo.

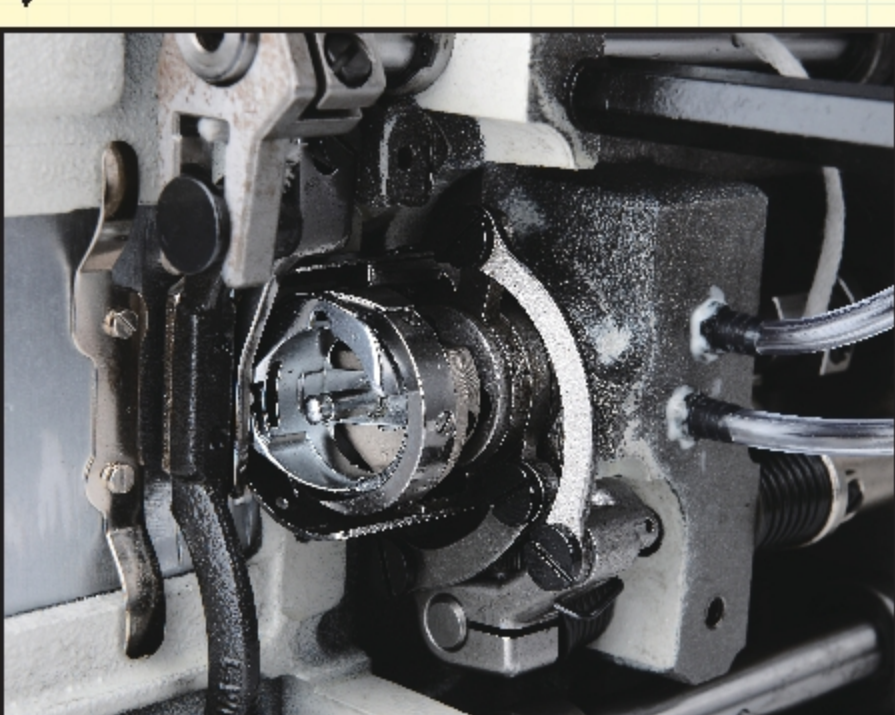

USB 插槽，輕鬆好用。
With USB slot, easy to use

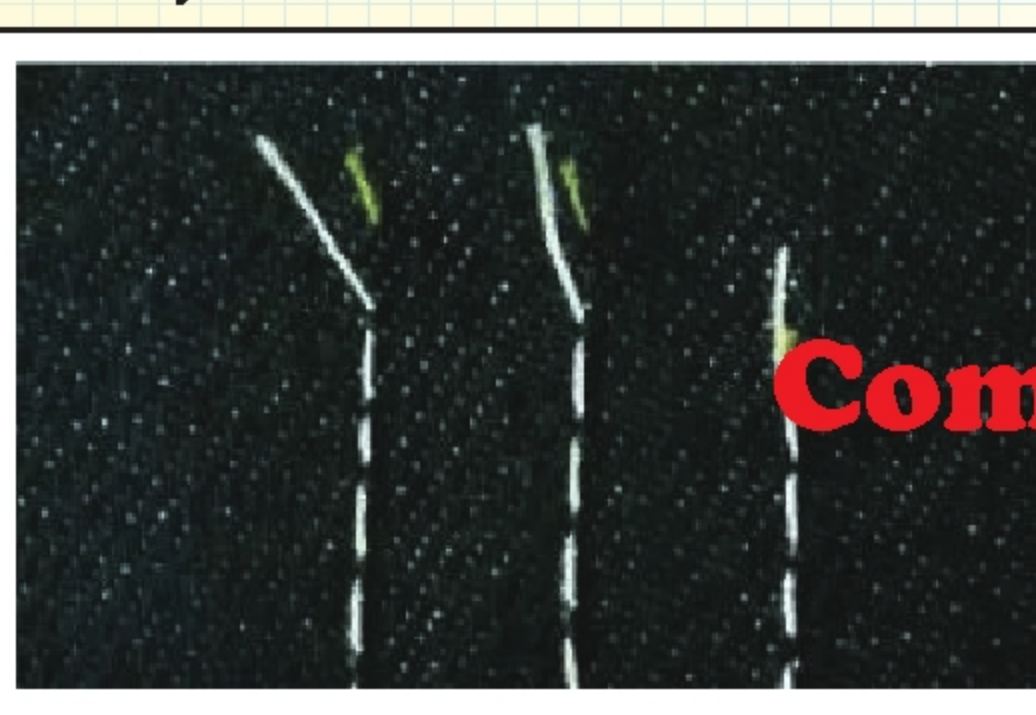

▲ 按鍵倒縫，補針，LED燈，三合一，使用輕鬆。
With back-tacking, second stitch and LED light three-in-one function for easy operation

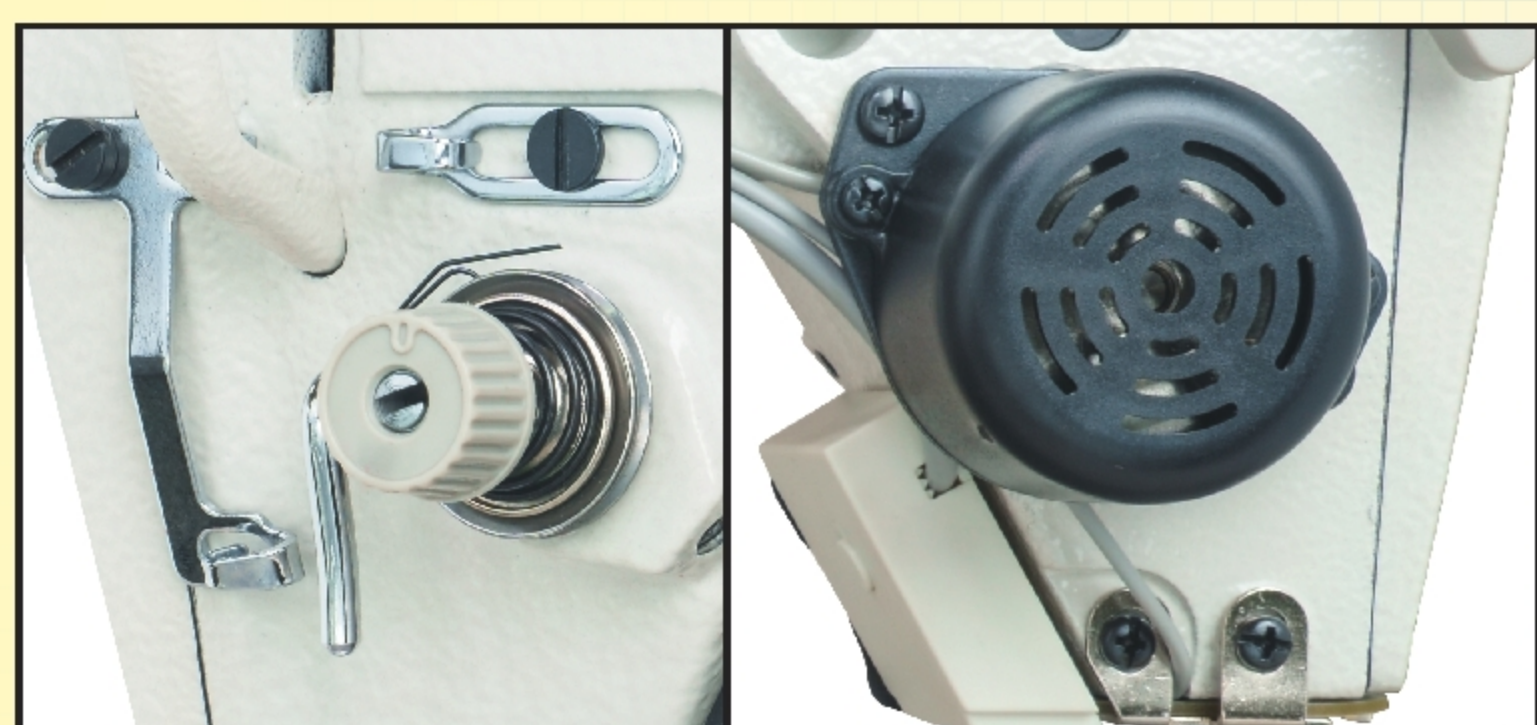

▲ 不鏽鋼車板，避免工作枱面掉漆染色造成生鏽。
With stainless steel clothes plate, rusted working table can be avoided.

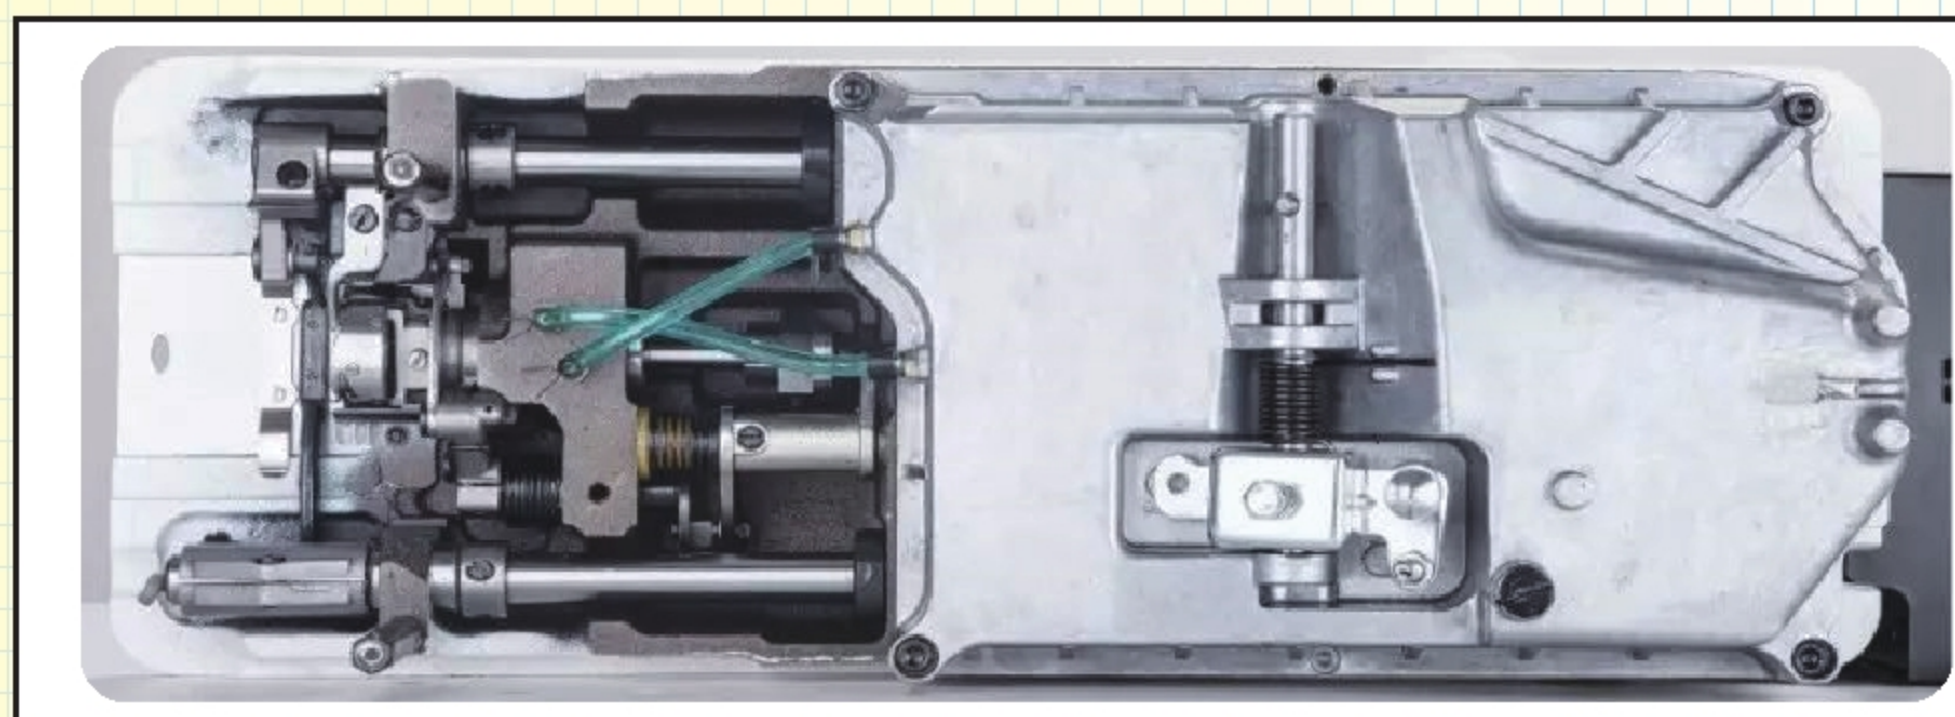

雙圓刀剪線機構，使線頭最短可達3mm，有效減少人工剪線工作量。
Using double round knives mechanism, can make short thread ends at 3mm and the workload from the workers can be reduced dramatically.

Compare

▲ 新型電子鬆線器，比傳統的夾線器，反應更靈敏，精度更高。（避免鬆線不回覆，傳動鋼絲易斷）
Brand new design of electronic type thread tension disc. reaction faster than traditional type thread tension disc.
(Thread tension release non-retrieval situation and easy broken transmission wire can be avoided)

▶ 全新密封型油盤，減少布料污染。
Brand new design of oil sealed reservoir, the fabrics oil contamination can be reduced dramatically.

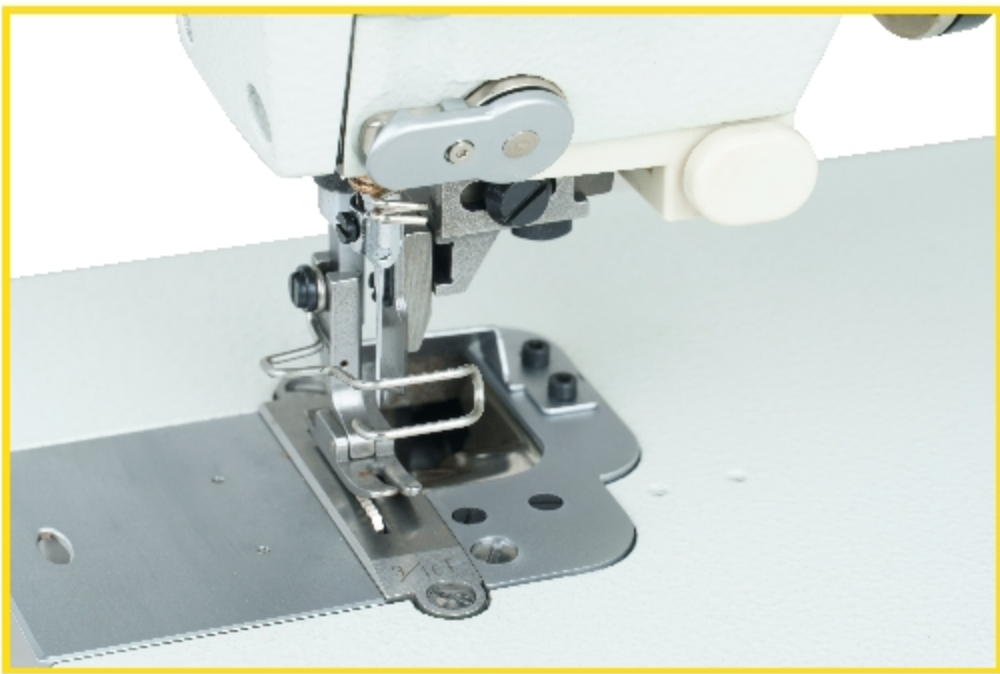

KLD 900

- 直驅密封型觸控式電腦平縫機
Direct Drive, Sealed oil box, Touch panel type single needle lockstitch machine
- 全新的外觀設計，採用觸摸屏使用方便，USB 插槽，輕鬆好用。
The machine with mewsest appearance, adopt touch panel design, with USB slot, easy to use.

KLD 8530M

- 直驅電腦帶刀平縫機
Direct drive, computenized lockstitch sewing machine with edge cutter
- 按鍵倒縫，補針，LED燈，三合一，使用輕鬆。
With back-tacking, second stitch and LED light three-in-one function for easy operation.
- 採用旋鈕開關切換，可在普通平縫和切邊平縫之間切換，操作方便可靠。
Adopt rotary switch switcher, with reasonable position design, convenient and reliable operation so that you can easily change sewing technology: side cutting or normal sewing.
- 前置抬壓腳電磁鐵，使機器的重心落在機頭中心位置，有效減少機器的震動和噪音，背掛式的大吸力電磁鐵比內置式的吸力更大，發熱量少，優化抬壓腳機構，使壓腳提升和下降時聲音降低。
Front backside automatic foot lifter: Outside foot lifter big magnet more stronger than inside foot lifter: structure, reduce noise, faster speed, and less heat--it more soft voice when foot lifter up and down.
- 採用大尺寸液晶屏，畫面清晰，嵌入式結構，全功能按鍵設計，操作方便，外形美觀。
Adopt big size LCD screen, clear image, embedded structure layout, full functional button design, convenient operation, beautiful appearance.
- 背掛式的系統設計，使手輪靠近使用者，旋轉起來方便省力，一體式設計方便機器的搬運和安裝。
Hand wheel near operator, so easy to use it. Convenient to carry and equip.

旋鈕開關
Rotary Switches Device

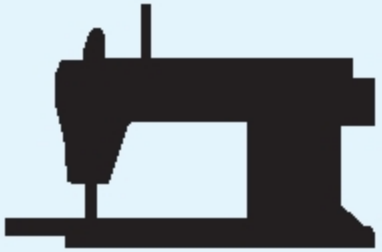

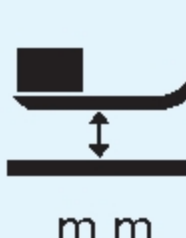

背掛式控制系統
Control Box On Backside

前置背掛式自動抬壓腳
Front backside automatic foot lifter

嵌入式操作盒
Embedded Operate Box
